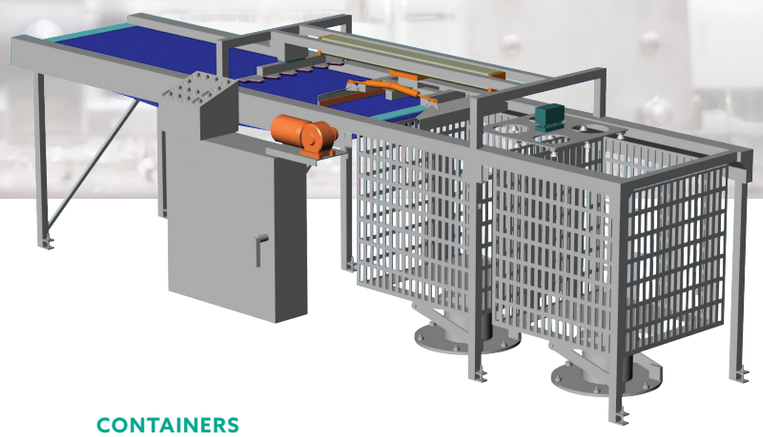
ALLPAX

200X AUTOMATION

LOW COST AUTOMATION

Entry-Level Sweep-Type Basket Loaders/Unloaders



The 200-X Series Loaders and Unloaders by Allpax provide food processors with consistent automated throughput at the lowest capital outlay.

FEATURES AND BENEFITS

- Simple push button operation
- Automatically forms containers into layer patterns
- Feeds the pattern into the sweep box
- Sweeps the containers into the basket
- Basket height is automatically indexed by a pushbutton activated hydraulic lift
- Divider sheets are hand-placed by the operator
- Modular customized design and build by Allpax allows for integration into existing lines

STANDARD & NON-STANDARD BASKETS

The 200-X Series Loaders and Unloaders can be modified to accept existing baskets or customized baskets.

CONTAINERS

Capable of loading: 3oz. to #10 cans as well as any size bottle or jar.

STAINLESS STEEL CONSTRUCTION

The 200-X Series Loaders and Unloaders are built with a heavy-duty welded 304-Stainless Steel frame.

INTEGRATED SOLUTIONS

Allpax custom designs and manufactures solutions for all types of retort processing systems starting with your container.
