

300X LOADER & UNLOADER

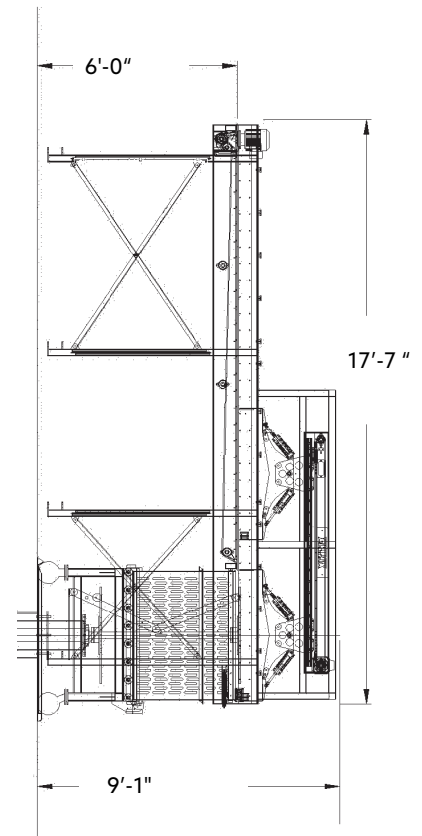

EXCELLENT PRICE TO PERFORMANCE RATIO

Medium-Capacity Sweep-Type Loaders/Unloaders

FEATURES AND BENEFITS

- Designed for automatic operation with manual slip sheet transfer
- Heavy duty stainless steel frame with adjustable feet
- Automatically forms containers into layer patterns
- Adjustable side rails to accommodate multiple container diameters
- Servo operated sweep for precision positioning
- Automated layer indexing for precise can height positioning
- Variable speed conveyors
- Integrated 15" color Touchscreen HMI
- Modular pattern formers capable of multiple container sizes with quick changeover
- Allen Bradley Compact Logix controls
- Instant remote online support via VPN networking
- Light curtain safety protection
- Precise servo-driven movement means higher efficiency and less damage to containers
- Hydraulic layer indexing makes loading and unloading faster. More product flow = lower cost per case
- Modular customized design allows for integration into existing lines
